

INSPIRING WOMEN

Description

The 'Angel of the Jungle', as she was properly named, devoted her life to try to mitigate the pain of the people of our town in times of enormous adversity, for which, in addition to a medical degree (the only one in Puerto Iguazu at that time), it was needed -above of all- an immeasurable love for the others.

We want that her work serves as an inspiration to try to build a better world.

These are the wishes of IEMANJA TOURISM TEAM.
